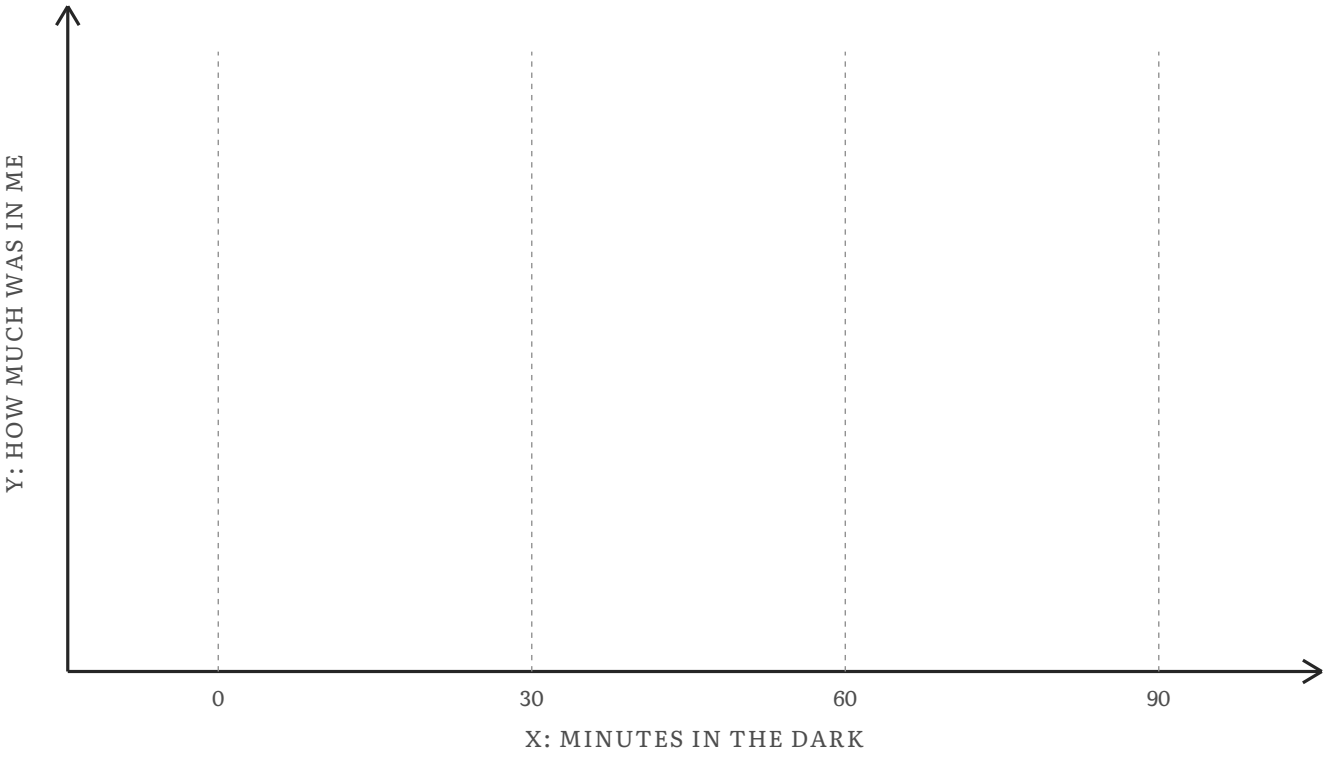
Draw the Gap

Read a two-line graph and connect it to the story.

Ages 7–9 · 15 min · Book link: Lab Notes, page 41

1. Look at Lumi's graph on page 41. Find the two lines and the gap between them.
2. On your sheet, draw Jiwoo's two lines in color 1 and shade the gap. Write DRY MOUTH, TIGHT HAT and HEADACHE where they showed up.
3. Now draw a made-up day in color 2: same bucket, but Jiwoo takes a water cup at the refill. Draw her new water line. Label it MY GUESS.



☐ **Jiwoo's Saturday** *(color 1)* ☐ **MY GUESS — water at the refill** *(color 2)*

Talk about it — why is your new line a guess and not a measurement?

This is Jiwoo's gap. Saturday. No drink. — L.
